## EMPIRE DAY IN LOCAL SCHOOLS

Address Appropriate to Occasion Delivered to Pupils by  
Chairman of Board and Bronze Memorial  
Plaques Presented to the Classes

Empire Day was observed very appropriately in Coleman schools on Wednesday afternoon, May 23, by the unveiling in the class rooms of memorial plaques furnished by the Department of Education, commemorating of Canada's diamond jubilee of Confederation.

At 2:30 p.m. Mr. Thos. Johnson, chairman of the school board, accompanied by Mr. Jas. Ford, secretary, and Mr. H. T. Halliwell, editor of the Journal, were entertained by Principal Hoyle in the school children of Grades 5, 6 and 7, who were assembled in Miss Milligan's room and the proceedings opened with the singing of "O Canada," following which Mr. Johnson gave an address as follows:

"I have here something that looks like a picture, but is not a picture. Probably you are wondering what it really is. It is the coat-of-arms and motto of our empire—the British Empire. Along the sides we have the Maple Leaf of Canada and in the centre we have the Royal Standard and Arms of England, our mother country."

"These have been sent to us by the Department of Education at Edmonton, and one of them will be hung in each room of the school."

"On each side of the coat-of-arms there is a date, 1867 on the left and 1927 on the right. This is to remind you that last year Canada celebrated her Diamond Jubilee. We in Canada have been a nation for sixty years, and in that sixty years we have become one of the world's greatest nations. From one of the least important parts of the Empire we have grown to become one of the richest and most important."

"You have probably heard it said that the sun never sets on the British Empire and that is true, for the Empire is so big and scattered that some part of it is always in the light of day. It is a fine thing to belong to such a great empire—the greatest the world has ever known. But we sometimes forget, especially when we are young, how glad and proud we should be. And so to remind us all every day this motto is to be placed on the classroom wall and every time you look at it I want you to remember your great Empire and your mother country."

"Everyone who is a Canadian is British, and who is pleased and duty it is to be loyal and true to the Empire, the King and the flag. I want you to think of that every time you look up at this motto on the wall!"

Mr. Halliwell then gave a short address, stating he was indeed pleased to make his first visit to the school on such a significant occasion as Empire Day, and pointed out that the annual observance of the day emphasized the influence of the British Empire and the opportunities it extended to peoples of all countries to become citizens of equal status. The children of the foreign born people who came to Canada from continental countries, or from the great republic to the south of the international border, were all entitled to the same privileges of education and citizenship in the highest posts in commercial, professional or political life were open to them with the same freedom of attainment as to those of British birth, and this only helped to extend British influence and build up a great commonwealth of self-governing nations but developed united and loyal citizenship whereby people of all nations might live in peace and harmony.

Principal Hoyle briefly addressed the pupils, emphasizing the importance and significance of the day, and caused their eyes to sparkle when he announced that at the close of the ceremony there would be a holiday till Friday morning. He called for three cheers and the singing of the National Anthem brought the proceedings to a close.

A similar program was followed in Miss MacKinnon's room, where Grades 2, 3 and 4 were assembled, and the closing exercises were held

in the high school rooms, where the following address was given by Chairman Johnson:

"In this busy and bustling age we are too apt to forget some of these most important things and it is well that at least once a year we should give a few moments to a consideration of what it means to be citizens of the British Empire.

"Empire Day sounds the call of patriotism to all the subjects of the Empire. As citizens of the greatest and wealthiest empire the world has ever known we have certain privileges and also certain duties here. I want to speak to you for a few moments about some of those privileges and duties.

"As a member of the British Commonwealth of Nations Canada enjoys a feeling of security and peace. With our small population we should be helpless before the ambition of any greedy and aggressive nation were it not that we are sheltered by the might and power of the Empire. Our slogan is 'For progress and development' that Confederation would have been impossible without the peace and security that come from our association as a part of a great and powerful empire."

"Another of our many privileges is that we may move from place to place on the earth, making a home in a new country, without losing our nationality. The Britisher will remain under his own flag. He will not have to learn a new language, or to adapt himself to new laws, new ideas and new customs. He may buy and sell his goods here, buy and sell to others or citizens of other nations, however wealthy and powerful, do not have this privilege. An emigrant is a citizen lost to his country and to his flag. And he has less chance of success in his new country because he must learn a new language and new customs and methods. It is certainly a privilege to be a Britisher. Only those who have travelled realize what this privilege really means.

"Now these privileges would not be ours if someone had not worked and fought for them. It is therefore our duty on Empire Day to ponder for a while on those heroes before us, and to thank and honor them that these privileges and advantages might be ours today. Let us remember on this day how much we owe to those statesmen and soldiers of the past who have left us this mighty heritage.

"And if others have worked and fought that we might have these things, surely it is our duty to conserve and value them. They have cost much in labor and blood. Let us then cherish them. Be loyal then to those who have toiled and fought for you in the past. Show your loyalty to them by living up to the highest standards of British tradition. Value the gift of your citizenship and proportionately the price paid for it in blood.

"And let us look each day upon this coat of arms remember why it is here. It should be to you a constant reminder of your privileges and duties as a British citizen; your duty to those who have left you this heritage and to those who will follow you. It should be a constant call to loyalty, patriotism and service; to make your town and country an example of all that is best and noblest in the word British."

In addressing the high school students, Principal Hoyle referred to the interest which Mr. Johnson, as chairman of the board, had displayed for several years in the welfare of the schools, and stated that no request for improvements or additional facilities for carrying on the work of the staff had ever been refused. He expressed the hope that more interest should be taken by parents in the schools, for this would be appreciated by the staff and students. As an endorsement of his remarks, hearty applause was given by the students.

## He Likes the Climate

## EASTERN STAR PRESENTATION TO MRS. PATTISON

Following the special meeting of Miramichi Chapter, O.E.S., last Thursday, a social hour was spent in honor of Mrs. Pattison prior to her departure for a visit to her old home in England. After the installation of officers to replace those who have resigned or removed to other places, a few rounds at bridge were played, and the balance of the evening given over to dancing. Mrs. Alan Brown won the ladies' prize and Robert Evans the gents.

Mrs. Pattison left on Sunday night to sail on June 1 by the C.P.R. liner Melita from Montreal.

Ronald W. Greene, assistant general agent of the steamship passenger department of the C.P.R., was here last Wednesday calling on the local agent, C. W. MacKinnon, and visiting the towns in the Pass in the interests of the company.

## PRESIDENT BEATTY PASSED THROUGH

Head of C.P.R. on Inspection Visit of Western Lines Passed Through "The Crow"

It is fine to be a president, thinks one as the special train of two, sombrely appointed coaches—the Assiniboine and the Thorold, hauled by Locomotive 2613, passes through without even a pause.

Last Friday President E. W. Beatty, K.C., made the trip over the Crow's Nest division in very fast time, in a non-stop run from Crow's Nest to MacLeod, the train only slackening speed to allow passengers to get off to sharp curves or crossings. In fact, Leithbridge only a stop of ten minutes was just sufficient to change locomotives, whence the president continued his journey east, he having spent the past two weeks on a trip of inspection over western lines. He was accompanied by the superintendents of the Alberta and British Columbia divisions, whose private cars were taken up on the regular morning train passing here at 8:33. The president's train went through here eastbound at 11:30, the engine having been changed at 11:30, and was scheduled for a very fast run, in fact exceeding a mile a minute, it had to slow down on the curves as it passed through Coleman, so that a glimpse could be obtained of the car occupants.

The engineer was J. F. Sleightholme and the train was in charge of Conductor Belmont, and the train was in charge of Conductor Belmont.

## MCGILLIVRAY CUP COMPETITION

Entries will be received till May 31, by A. E. Graham, for the McGillivray Cup competition in Coleman Tennis Club, emblematic of the men's single championship. The fee is \$6, and members only are eligible for this.

R. F. Barnes will enter the tournament of the Crows Nest Pass Golf Association to open at Fernie tomorrow, and it is expected that a number of local players will go up on Sunday. The tournament closes on Monday, June 4.

## Personal and Local

Mr. and Mrs. J. Michalsky and Mr. and Mrs. A. Oliva motored to Lethbridge on Victoria Day.

Mr. and Mrs. J. Woods spent the holiday visiting friends in Calgary.

Mr. and Mrs. J. Emmerson and family motored to Waterton Lakes on Thursday last.

A number of visitors from Blairmore attended the play "On the Hiring Line" last week and speak highly of the manner in which it was presented.

## Girls Walked to Lille

The International group of the C.G.I.T. with Miss Gladys Price in charge on May 26th on a hike to the German town of Lille. They did not discover any "spooks" but some of the girls got a thrill when they learned by others making uncanny noises in the empty hotel. One girl discovered a souvenir in the shape of an old magazine published in 1912.

## SUCCESSFUL LOCAL PLAY

Coleman Players Stage Amusing Play in Very Creditable Manner

Coleman Players are deserved of unanimous praise for the manner in which their three-act comedy "On the Hiring Line" was presented last Wednesday evening, when two hours of entertainment packed with laughs was given by a well-balanced cast of nine people which was above criticism.

The curtain rises with Sherman Fessenden, a much maligned husband who is a martyr to his own household, trying to overcome the servant problem by tidy up the house, doing the cooking and performing other domestic duties entirely foreign to a man's nature. Goaded by the taunts of his wife Rosalind he decided to do the hiring of the servants and as a solution to this he hires two operators from a detective agency, under contract, to act as butler and cook. These two, Ritchie and his wife, not only fill the role of good and faithful servants, but discover many things going on in the household which mystify them to such an extent that in their reports to their master they hear more trouble on his head than the servant problem itself. A chauffeur Steve Mack, has a love affair with the daughter of the house (Dorothy); Mrs. Fessenden has an intrigue with an actor (Ronny Oliver) who is a guest trying to recuperate his shattered career. While Panzy Capron, whose husband has deserted her, adds to the troubles of the Fessenden home by her presence. Amid such a nest of plotting and counter-plotting, the faithful Ritchie and his wife have a perplexing time trying to fathom the purposes of all, and some amusing situations arise as Ritchie endeavors to carry through the role of detective and butler combined, while his wife chafes under the restraint of being just the cook instead of having a murder mystery or something equally thrilling to unravel.

The climax of the play is in the discovery of a letter which Ritchie believes has been written by Ronny Oliver to Mrs. Fessenden, and which causes endless trouble and strife in the household. Fessenden feels convinced of his wife's guilt, and makes dire threats, but the situation is saved by the timely arrival of Billy Capron, whose earlier experience as a man of the world enable him to see a little further than the mere superficialities of the situation and in the final analysis it is found that the letter is really a copy of one of Mr. Fessenden's love letters to his wife Rosalind, which Ronny Oliver had taken with the intention of using in a vaudeville sketch.

The cast of the play was: Sherman Fessenden, Dorothy, his daughter, Elsie Hayson, Steve Mack, A. E. Graham, Rosalind Fessenden, Edith Hayson, Ronny Oliver, C. J. Devine, Panzy Capron, Mrs. A. E. Graham, Ritchie, D. E. MacLean, Mrs. Ritchie, Chrissie Allan, Billy Capron, R. F. Barnes, Mr. Maurice W. Cooke gave a splendid assistance in staging the play.

The musical selections by the Knights of Rhythm as an overture and between acts added to the pleasure of the evening.

Such a fine presentation by local talent in a charming country house, and the lack of an aggressive ticket selling campaign seriously affected the box office receipts.

## TOWN OF COLEMAN ARREARS OF TAXES

Notice is hereby given that all arrears of taxes imposed in 1927, in respect of any parcel of land situated within this municipality, shall be paid to the Collector of Taxes on the first day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the municipality in respect of such parcel.

JAMES FORD,  
Secretary Treasurer.

## DOMINION IS INVITED TO SIGN U.S. PEACE PLAN

Washington, D.C. — Expressing keen satisfaction that the British Dominions had been so favorably inclined towards the treaty for the renunciation of war which the United States Government presented on April 13, 1928, as to wish to participate thereto individually and as original signatories, Secretary of State Frank H. Kellogg has extended to Canada a cordial invitation to become one of the primary parties to the treaty for the renunciation of war which is now under consideration.

Secretary Kellogg's note on this subject was dispatched to the Canadian Government through Mr. Wm. Phillips, Canadian Minister at Ottawa. A similar note has been sent to the governments of Australia, New Zealand, South Africa, the Irish Free State and the government of India.

The American note refers specifically to the treaty to outlaw war as an instrument of national policy, to which all the great powers have been invited to adhere.

No mention is made to a further proposed treaty to provide machinery for the arbitration of international disputes. This second treaty in the case of the British Empire would replace the Root-Bryan arbitration treaty, which is about to expire.

### Shows Regard For Dominion

**Submission Of U.S. Peace Plan "Pretty Compelling," Says London Paper**

London, April 15.—Sir E. McMurtry, Secretary of State for the United States, has paid the British Dominions a pretty compliment in officially communicating to each of them the United States' proposal for a treaty for the renunciation of war before approaching the minor powers in Europe.

"Of course the position of the Dominions is different from that of the minor European powers. On all big international issues and great national questions since 1919 the British Empire has been represented by an Empire delegation, including delegations from all the Dominions."

"Still, Mr. Kellogg's gesture augurs a regard and friendliness for the Dominions which they and the Empire as a whole cannot fail to appreciate."

### May Not Be Nominated

**Reported That Hoover's Chances For Republican Nomination Not So Good**

Washington.—It is the well-grounded fear in informed and influential Republican circles here that Herbert Hoover, prospective candidate for the Republican presidential nomination, cannot carry the country against Governor Alfred E. Smith of New York, whose nomination as Democrat candidate seems assured, and the race may even split. Both Hoover's closest party leaders.

Hoover has identified himself with every policy of the Coolidge administration and is the popular Republican candidate. His nomination, however, is far from assured. The formal opposition to his candidacy within the party is fairly strong and well organized.

### Want Censor Committee

**Toronto Men Would Have Books and Magazines Checked**

Toronto.—At a conference between publishers, literary men and the police department to consider the advisability of appointing a committee to censor books, magazines and other periodicals against which complaints are made to the police it was decided to communicate with the Dominion Government and ask it to select a committee to act for the Dominion. If this cannot be done an effort will be made to appoint a committee here.

**Memorial To General Booth**

London.—The foundation stone of the Salvation Army training college, which is to cost \$1,625,000, has been laid. The building is being erected at Denmark Hill, in the Southeast of London, as a memorial to General William Booth.

**Sir Arthur Currie Ill**

Montreal.—General Sir Arthur Currie is confined to his home here recuperating from a slight illness. It is understood that Sir Arthur will visit Europe after McGill University closes for the summer holidays.

### Denies Dealing In Immigration Permits

**Former Solicitor-General Declares Charge Is Wrong**

Ottawa.—Hon. E. J. McMurray, former Solicitor-General, denied absolutely before the parliamentary immigration inquiry that he had dealt in immigration permits for \$100 apiece as charged by Alderman M. J. Colwell of Regina, before the immigration committee.

"I was astounded and stunned to read in the papers the statements of Mr. Colwell," said Mr. McMurray. "I denied it and welcomed the opportunity of coming before the committee and clearing away the charge. I was glad to read the denial of the minister of immigration. What he said was true. I have had no dealings with Mr. Forke since he has been in office."

Mr. McMurray explained he had been elected in 1921 from North Winnipeg, which was half foreign born. Many of those people wished to bring relatives to Canada.

"I assisted them, but I never charged them a cent," he said. "The numbers had become so great that later on I had charged them telegraph costs and such things. Then he had turned them away."

The records of Mr. McMurray's law firm of 1921 show that seven applications had been handled by him "in a strictly legal way."

The legal fees charged varied from \$15 to \$50. After his return to Winnipeg in 1926, four cases had been handled at fees of \$25 each.

### Thornton Will Serve On League Committee

**President Of C. N. Railways Has Accepted Appointment**

Geneva.—Sir Henry Thornton, president of the Canadian National Railways, has accepted an invitation to serve as a member of the League of Nations Railway Committee.

Major-General Edward D. Candide, former manager of the Great Southern Railways of Buenos Ayres, also has accepted an invitation to serve.

Montreal.—Sir Henry W. Thornton, K.B.E., chairman and president of the Canadian National Railways, has accepted an invitation to become a member of the railway sub-committee of the advisory and technical committee of communications and transportation of the League of Nations, it was announced here.

The sanction of the Federal administration to the acceptance of the invitation was given to Sir Henry by the Prime Minister and by the Minister of Railways and Canals.

As Sir Henry may not be able to attend some of the meetings permission has been given to P. A. Clees, European traffic manager of the Canadian National Railways, located at London, to represent him when occasion requires.

### AWARDS ARE MADE COVERING WAR LOSSES

**Alberta Will Take Steps To Enforce Lord's Day Act**

Edmonton.—Attorney-General Lyndhurst is instructing the Commissioner of Provincial Police to notify all police detachments in the province that it will be the policy of the department to secure a wider and better observance of the law in respect to Sunday work.

The local police will be expected to co-operate with the citizens in maintaining respect for the provisions of the Lord's Day Act.

It is believed that under the extreme weather conditions that have prevailed at critical periods of the past two years, considerable leniency in regard to the Sunday law has been exercised, because a certain amount of Sunday work on farms was unavoidable.

He says that this is not, however, to be taken as establishing a precedent, and the law will be more strictly enforced. An effort is now being made to appeal to the interest and good judgment of the general public in the direction of better observance of the day of rest.

### Frown On Sunday Labor

**Alberta Will Take Steps To Enforce Lord's Day Act**

Edmonton.—Attorney-General

Lyndhurst is instructing the Commissioner of Provincial Police to notify all police detachments in the province that it will be the policy of the department to secure a wider and better observance of the law in respect to Sunday work.

The local police will be expected to co-operate with the citizens in maintaining respect for the provisions of the Lord's Day Act.

It is believed that under the extreme weather conditions that have prevailed at critical periods of the past two years, considerable leniency in regard to the Sunday law has been exercised, because a certain amount of Sunday work on farms was unavoidable.

He says that this is not, however, to be taken as establishing a precedent, and the law will be more strictly enforced. An effort is now being made to appeal to the interest and good judgment of the general public in the direction of better observance of the day of rest.

### Endorses Peace Treaty

**Kellogg Plan Would Make Armies Useless Says Ramsay**

London.—When the great powers signed the treaty suggested by the proposals of the United States Secretary of State Frank B. Kellogg, the armies and navies of the world will disappear, says MacDonald, former labour premier, declared before the American Chamber of Commerce at a luncheon a multi-part outlaw.

"Sign a multi-part outlaw," said the leader of the opposition in the House, "and these false securities we have faintly trusted, these defensive armaments which have never protected us, will disappear, because they are useless."

Mr. MacDonald described the Kellogg peace note as "this magnificent declaration of simple fact."

With one part only of the British reply Mr. MacDonald found fault — that repudiation of the Kellogg note.

"When such a treaty is signed," he said, "self-defence becomes unnecessary and any aggressor immediately becomes an outlaw."

Mr. MacDonald's description of the Kellogg peace note as "this magnificent declaration of simple fact."

## Inferiority Complex

Some possess the inferiority complex, others the superiority complex. There are those who always imagine they cannot do anything as well as their neighbor. Even business men when approached to put forth effort in a venture which would mean something towards the town's progress, will shrug their shoulders and tell you it can't be done. Anything within reason can be done if the mental faculties say that it will. Take for instance Coleman's Board of Trade. Since last summer two or three meetings have been held, the largest number of business men present at any one meeting being ten, and at the other two there were half the number. Can a board of trade function if the business men show no more interest in their own affairs than has been evidenced here? Men elected to office cannot do all the work. It is only right that they should be backed up by the business men, for it is those who are running business places in town who should be right in the front line in any movement towards community welfare. We all get out of life just what we put into it, but too many want the other fellow to shake the fruit off the tree while they will sit beneath and take everything that falls. These are a great deal of work to be done by a board of trade and to make its efforts effective it must have the backing and enthusiastic support of busness men—not merely the paying of a dollar membership fee once a year. Don't say it can't be done when the Board of Trade launches a campaign. Get behind the officers and put it over with vigor. Nobody from the outside is going to do the work that we here should be doing.

## Why Not the Crows Nest Pass?

Calgary Board of Trade intend making a good-will trip by special train to the Peace River country late in July, and this week they made a trip to Drumheller and towns north and east of Calgary. The thought arises "Why not a trip into the Crows Nest region of Alberta?" There is much to interest the visitor here, and "the Crow" can be conveniently reached from Calgary, necessitating only a day from home, for the towns in this district are so close together that they could all be visited by auto in a day besides making a trip to Crows Nest Lake. Special coaches attached to the regular night train from Calgary would land the visitors in the Pass next morning, giving them a complete day here.

## Cause for Complaint—and Rightly So!

A gentleman visitor to town, calling on business men, was startled at one store by the forbidding manner—sic! of the proprietor—but of a fierce looking dog which growled menacingly at his approach. Further down the street he encountered another animal of similar breed which regarded him in the same manner, d espite his friendly attitude. Considering the dogs as being of a dangerous type that would treat a harmless stranger in this manner, he informed the police, and later called at The Journal office to express his feelings. Of course the dogs were quite harmless and wouldn't hurt anybody, so the owners said, but such assurances are of no avail if a person is bitten by animals which are allowed to run at large and perhaps give vent to their savage instinct by taking a chunk out of some innocent person's leg. If dogs show a dislike for strangers by acting in this manner, then the streets is the last place where they should be allowed to roam. They should be kept at home where if they wish to try their teeth on anybody just for fun it will be on those who own them.

## How to Attain Happiness

An interesting letter received by The Journal from S. W. Strauss, president of the American Society for Thrift, has some pointed remarks, a few of which are given here:

It should not be forgotten that there can be neither progress nor happiness without work. Our spare time should be made use of to make ourselves the more capable of doing the work we have mapped out for our lives.

There is no real pleasure greater than that which comes from successful accomplishment. No matter in what line of activity we may find ourselves, we should realize that performing our daily tasks to the best of our ability brings far greater contentment of mind than could possibly come from idleness.

The public remember you just as long as you keep yourself in the public eye. They will not seek you out. That is why it is necessary to continually advertise and, to use some grey matter in advertising. The public is exciting—and fickle. Only so long as one keeps public attention focussed on their particular business will they draw patronage or trade. It affects us all alike, and it doesn't make a bit of difference if you are well known or otherwise. Trade does not come to he who waits, but to he who goes after it by up-to-date aggressive methods which reflect the character and spirit of the man behind.

## Here and There

(62)

Quebec—When the 1928 shipping season opened April 22, the Canadian Pacific Steamship fleet supplied fifty per cent of the steamers that docked with S. S. Montclare, Montreal and Melville. The total number of immigrant figures 2800 immigrants aboard mostly of British stock and destined to farms in the West.

International Advertising Convention and Exposition to be held at Detroit, June 9-12, 1928, is attracting wide notice and will contain under one roof everything relating to organized advertising in the world. The exposition, managed by the New York Herald Tribune sports writer, Bob parties are starting to book out, and Harry Allen, well known New Brunswick guide, They travelled Canadian Pacific to their fishing destination.

Okanagan—Word is received from Washington that the Okanagan project during the last year has produced over 2000 bushels of apples and a consequent higher acre return to the grower, than wheat. The average price of apples in the United States. The local project, with 3,567 acres in apples, has a yield of \$5,442,750 per acre, with a return of \$1,000 per acre, a yield which brought the growers a return of \$10,330,854, or the high record price of \$285 an acre. On the "Palmer" project, the average yield was 9,602 pounds to the acre at the rate of \$246.16 per acre. The number of bushels sold to the highest record was on the Sun river project in Montana, where the average was \$15,333 an acre, produced by the 1927 Bolus project, with a price of \$148.

Ottawa—The Department of Agriculture has issued a report showing how the Canadian "Moho" plane is combatting wheat rust. The report shows that the Federal Department of Agriculture and the pathologists plant of the Manitoba Agricultural College at Winnipeg, have found the disease in every state. The report says: "The work consists mainly in the experiments made at different locations. These aeroplane exposures attempt to collect from altitudes of from 1000 to 1200 feet, the earliest appearance of rust spores, the region over which they first appear, the rate at which the spores spread, the effect of various weather conditions, the visibility of spores caught at these higher altitudes, and the relation of these environmental factors and other factors to the rate of development and spread of rust." Lightly stoppered bottles were used containing wooden paddles to which are attached microscope slides lightly emersed with varnish. These slides are exposed for 15 minutes at varying altitudes; the slides replaced in the bottles and then returned to the Government laboratory at Winnipeg.

COMPLETE SUCCESS  
Young Housewife: "Are you sure this cleaner that you are selling will really take out the dirt?"

Agent: "Will it? Say, lady, yesterday I rubbed some of it on a copy of 'Scandinavian Stories' and when I get through I had the 'Sunday School Gazette'!"

ROLAND CRAYFORD

Leads Its Field  
in Style and Refinement

*a successful life*  

THE New Series Pontiac Six was designed and built in the belief that everybody admires style in a motor car.

So, in Pontiac Six, everybody can enjoy it!

Beautifully-proportioned bodies that tell their Fisher craftsmanship at a glance . . . Long, low lines and deep, massive radiator design . . . Rich harmonies of color in exterior Duco and interior trim . . . Delightful evidence of luxury in upholstery and appointments . . . PLUS the smoothness of Pontiac's powerful "Six" engine . . . the safety of Four Wheel Brakes and the comfort of Lovejoy Hydraulic Shock Absorbers.

No wonder the New Series Pontiac Six literally leads its field in style and refinement. Prove it all for yourself by a demonstration.

Ask your dealer about the G.M.A.C. Deferred Payment Plan  
which makes buying easy.

## Empire Day at West Coleman School

Rev. A. D. Currie Addressed Children on Citizenship ... Program of Patriotic Songs

Empire Day was suitably observed by the pupils and teachers of Cameron school, West Coleman. The significance and importance of the celebration was demonstrated in the plays, drills and recitations taken part in by the pupils. The Rev. Mr. Currie was the speaker for the occasion. He impressed on the children the ideals of citizenship, to cherish patriotism, to live for their country; if needs be to die for it; to give something to their country that they leave it better found than they found.

As part of the program Mr. Currie presented the bronze plaques which this year were furnished by the government to every school room to celebrate the sixtieth anniversary of Confederation.

An important part of the program was the ice-cream, the teacher's entertainment to the parents and pupils.

### PROGRAM

1. O Canada; 2. Flag Salute; 3. Grade 1, Flag Exercise; 4. Patriotic Songs and Flag Exercises, and Presentation of Plaques.

"The Provinces," "Merry Little Soldiers" and "Colors of the Flag" were given by Grades 3, 4 and 5.

### Orchestra Rehearses

A successful rehearsal was held on Sunday by the orchestra association at which 26 musicians were present. J. Crawford, director, speaks highly of the talent and ability of the orchestra. When they appear in their first concert they will give a good account of themselves and will bring further laurels to Coleman.

There are a few vacancies for instrumentalists and any person wishing to become a member should get in touch with the secretary. Rehearsals will be held every Sunday morning at 11 a.m. in the I.O.O.F. hall.

The association wish to thank the trustees of the I.O.O.F. for granting the use of the hall for rehearsals.

## Blairmore Defeats Coleman In Tennis Tournament

Of eleven events played by Blairmore junior tennis players against Coleman juniors on Saturday afternoon here, the visitors won nine. The visit was enjoyed, and a social afternoon was spent, refreshments being served at the courts. R. Shone piloted the games and kept the tournament running smoothly from 1 till 6 p.m.

Results were as follows:

Boys Singles—W. Fraser, Blairmore, beat W. Fraser, Coleman, 6-3, 6-1. McPhail, Blairmore, beat Hayson, Coleman, 6-4, 6-5. Pete Farmer, Blairmore, beat Harry Clifford, Coleman, 6-1, 6-2.

Girls Singles—L. Fraser, Blairmore, beat E. Greenhalgh, Coleman, 11-9, 6-4. Betty Thompson, Blairmore, beat Mae Bell, Coleman, 6-3, 6-1.

Boys' Doubles—McKenzie and Fraser, Blairmore, lost to Hayson and Clifford, Coleman, 6-5, 6-1. Upton and Lord, Blairmore, beat Lindoe and Pattinson, Coleman, 6-5, 6-4.

Girls' Doubles—L. Fraser and Betty Thompson, Blairmore, won from Margaret Price and Dorothy Burns, Coleman, 6-3, 6-2. E. McPhail and Betty Thompson, Blairmore, won from Edna Fairhurst and Mae Bell, Coleman, 6-3, 6-2.

Mixed Doubles—L. Fraser and Pete Farmer, Blairmore, won from Jean Pattinson and Hugh Dunlop, Coleman, 6-0, 6-1. Dorothy Burns and C. Hayson, Coleman, beat E. Bennett and J. McPhail, Blairmore, 6-4, 6-2.

Gordon Lapp to Visit Coleman

Gordon Lapp, provincial secretary for Boys Work in Alberta, will be at the United church on Sunday and for this occasion the Sunday school and congregation will meet for services at 11 a.m., the regular session of the school being withdrawn. Parents are urged to attend this service and see the leaders who are responsible for C.G.I.T. and C.S.E.T. work in Alberta.

NEWS ITEM—A large number of the crew were perfectly camouflaged against the wall, which was also plastered.

### Air and Sea

Showing Iaso Fericu, 23-year-old Rumanian girl who, although speaking no English, came to America to fly in May with her husband from New Jersey to Butte, Mont., to compete in the International Contest in Aviation. With her is Commander D.C.R.D., R.N.R., Commander of the Canadian Navy during the Great War and now master of the Canadian Aviation, on which the pretty aviatrix crossed the Atlantic to America. "I don't think the ocean spreads as far as it seems to", she said to the Canadian Clipper, arough her interpreter at Halifax, N.S.

BUILT on a wheelbase of 107 inches—four inches longer than before ... swaying low to the road ... and with its body streaming back and forth, and lined to match contours of the Fisher bodies—the "Bigger and Better" Chevrolets are everywhere hailed as a car of outstanding distinction.

The new radiator is higher and narrower, and embellished with a large, flat, all-metal radiator cap. The hood is longer and deeper—vividly interpreting the greater stamina, sturdiness and fine driving qualities of the car. Windshield posts are slender and graceful, bodies are beautifully headed and panelled, hardware is of period proportions, and upholstery is superb.

Interiors, too, are impressively rich—with new upholsteries, wide, restful seats, and a beautiful enclosed instrument panel—indirectly lighted.

Come, see this great new car—and you'll know why thousands have acclaimed it the world's most luxurious low-priced automobile.

Selling The Best Counter Check Books on The Market

## WORLD HAPPENINGS BRIEFLY TOLD

J. Ramsay MacDonald, Labor leader and former premier, will start on a holiday trip to Canada at the end of July. He will be accompanied by his three daughters.

Just to prove it can be done, two waiters are hiking from Berlin to Geneva, 1,000 miles, wearing bellied shirts, swallowtails and patent leather.

Field Marshal Moritz Aufenberg Von Komarow, one of Austria's most able generals during the Great War, is dead of heart disease. He was 76 years old.

Reports of a kind which usually turn out to be well founded are circulating in Paris that the Nobel peace prize will be awarded next year to the oratorical champion of Canada under the auspices of Canadian newspapers, the Winnipeg Women's Canadian Club and the United Farm Women of Manitoba, with the Teachers' Federation of Ontario. Before the doors were opened at 7:30 long lines of ticket holders stretched out for several blocks in every direction.

The five contestants, in the order of their appearance on the platform, were: Alberta, Miss Margaret King, Victoria High School, Edm-

onton; Manitoba: Miss Alice Elizabeth of Roblin Consolidated School, Dauphin constituency.

British Columbia: Miss Swanhill Mathison, of Delta, Connaught School, New Westminster.

Prince Edward Island: Edith Smith, of Pownall School, Pownal.

Ontario: William Fox, junior, of De LaSalle School, Toronto.

Sir William Mulock, chief justice of the supreme court, graced the platform with Main Johnson, of the Toronto Daily Star, national chairman, as director. The judges were: D. M. Kennedy, of Pease River, Alta.; Rev. Donald Lamont, of E.P.E.I.; Wilson Macdonald, of British Columbia; J. T. Thorson, M.P., for South Centre, Winnipeg, and Prof. George M. Wrong, of Toronto.

The timekeepers and scrutineers were Walter Keast, S. H. Henry, of the Teachers' Association.

The decision of the judges was unanimous. The subject matter of each of the contestants all of whom spoke on the "Future of Canada," covered such topics as around, Miss Mathison of Edmonton, labored under the great disadvantage of a severe cold which seriously affected her vocal powers and handicapped her eloquence.

Miss Muse, as she stood before the vast sea of faces, measured up to her task like a seasoned orator, but her voice was weak in so great an assembly, notwithstanding the amplifiers used to intensify the speaking. She was clad in a plain navy blue blimby, dark skirt with a red tie to harmonize with the striped collar.

She evoked a hearty burst of applause as she closed. Her touch of spirituality made many friends.

Miss Mathison had a style that showed her to great advantage, and her subject matter was well selected and well treated.

Edison Smith, of Prince Edward Island was visionary, and original, but lacked style in delivery.

William Fox, London, Ontario, was easily the winner in point of subject matter, personal appearance, and delivery. The one thing he lacked was what is known as "punch" in public speaking. The spontaneous applause was the best evidence that the best man won.

Following the contest, W. D. Bayley, of Winnipeg, spoke. He tendered the thanks of the four provinces represented for the co-operation and the splendid work of the Ontario representatives. J. T. Thorson, of Winnipeg also spoke, as did Dr. James L. Hughes.

Messages of regret were received during the evening from Hon. W. L. Mackenzie King, prime minister, and Hon. R. B. Bennett, Conservative leader, who could not be present.

"My aunt advised me to take

as she had taken them with good results after a very bad operation.

"I took them and some time after a doctor came to examine me for life insurance and he said there was nothing wrong with my heart."

Milburn's Heart and Nerve Pills are 50¢ a box at all druggists and dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Is Champion Boy Orator

William Fox, Jr., Of London, Ont., Wins Oratorical  
Championship

Champion orator of Canada—William Fox, junior, of De LaSalle school, London, Ontario.

Second in oratorical honor — Miss Swanhill Mathison, Vancouver.

Third—Miss Alice Elizabeth Muse, Regina.

The competition was presided over by J. D. Burnett, of Charlottetown, with a ticket for a free trip to Europe as the guest of the newspapers and committees in the various provinces associated in this educational enterprise, and in the autumn he will represent Canada at the international contest to be held at Washington with competitors from Mexico, Argentina, England, Japan, Cuba, Holland, United States, and Germany. The competition will consist of one in the oratorical and another in the dramatic.

The first competition will be held in the fall of 1926.

## Farmers' Marketing Tour

Canadian National Railways' Tour  
To Great Britain and Denmark, 1928

Continued.

with a substantial box of cigarettes and also one of cigars.

We next saw the buying room of the U.S.A., whose samples of products were sent out for examination, also samples indicating the standards which they required for their purposes. We next proceeded to London, where we were received at the head offices of the society, where we were addressed by two of the members of the board of directors, Mr. Sutton, who told us something of the history of the gigantic movement which has grown from a small organization of modest societies with over 1,200,000, and resources exceeding \$22,000,000.

(To be Continued.)

## When Radio Is Expensive

Responsible For Lost Sleep On Part Of Devotees

Radio has saved the world \$60,000,000, says General Manager Sam'l. C. Nease, of the Radio Corporation of America. While it cost the sleep it has cost the world?

There is no question but that is one of the greatest troubles with the radio. It causes a woeful loss of sleep on the part of its devotees.

Take a man and a woman who must be at work by 7:30 or earlier in the morning, who night after night stay up with the radio until 12 or 1 o'clock, and this form of amusement is expensive. The expense is in actual dollars and cents at the time but, in fact, rest, reduced energy and, in the end, a breakdown of health.

## Canadian Business Conditions Are Good

Report For End Of First Quarter Shows Business At High Tide

At the end of the first quarter of the year Canadian business was moving on a higher level. Out of ten indicators of conditions reported by the Dominion Bureau of Statistics one is unchanged as compared with last year, and the others are all higher.

Coal output remains at the same figure, while employment, pig iron, steel, bank clearings, car loadings, permits, imports, exports and coke are higher, from one to twenty-eight per cent.

## Winnipeg Newspaper Union

Winnipeg Newspaper Union

Winnipeg, July 1.—The newspaper union here is in full swing, with 100 men engaged in printing, binding, advertising, circulation, news gathering, and other departments.

The union is the result of a strike

of the newspapermen of the city.

## 5 of the reasons why McLAUGHLIN -BUICK will serve you Better and save you More!

NOT only does today's McLaughlin-Buick excel in smart, low, dashing lines—in vivid new colors, harmonious in luxurious upholsteries and appointments—but it is also far ahead of its field in those vital engineering factors which mean greater comfort—greater performance—greater economy—and greater value.

In Most Cars—the springs have to serve double function—to drive the car and to cushion the load.

In Most Cars—water, mud and dust can work their way into the engine, causing excessive wear, engine stalling and other troubles.

In Most Cars—vibration is merely dampened by means of additional bearings or other inadequate devices.

In Most Cars—quality is often sacrificed for price, or prices advanced to permit fine quality.

In Most Cars—the dealer's delivered price, including the delivery or handling charge, to the buyer—is not rigidly fixed by the factory behind the car.

*It Pays to Buy McLaughlin-Buick!*

### Personal and Local

See that your annual subscription to The Journal is paid.

See the Dollar Week Specials in H. E. Gate's advt.

Born: To Mr. and Mrs. Wm. Lewis, on May 23, a son.

Miss Mina Chalmers left on Thursday last to spend a few weeks at Banff.

Mr. and Mrs. Alex. Wilson left on Wednesday for Black Diamond, Wash., to reside.

Whist Drive and dance in the Moose Hall on Monday, June 11, at 7.30

Woods Lavender Line hose and lingerie is a good line to buy at Antrobus Shop Store.

Eileen Richards' twelfth birthday anniversary was celebrated by sixteen of her girl friends at her home on May 24.

Helen Cornett celebrated her fifteenth birthday anniversary on Tuesday, May 22 by inviting her girl friends to a party at her home. The whist prizes were won by Malfawy Griffith and Ruth Morrison.

K. Patterson, the faithful and efficient caretaker of Central school, has completed ten years of service in that capacity. He assisted in the Empire Day observance at the school on Wednesday last.

Kathleen and Mary Hoyle celebrated their eleventh and ninth birthday anniversaries by having a party at their home on Saturday. Twelve of their young friends were present and a trip by boat to Crow's Nest Lake was a much enjoyed part of the festivities.

An unusual treat was enjoyed at the United Church on Sunday evening, Arthur Hadwell of Bellevue singing in excellent style. There was also a solo by his nephew, a lad of twelve years newly arrived from Wales. This singer will be heard again in Coleman this summer.

Coleman Town Band has now resumed rehearsals under the new bandmaster, James Fulton, and they hope to give a series of programs this summer. There are still a few instruments available and any person, experienced or otherwise, wishing to join the band, should see the secretary, A. G. Morris.

### Card of Thanks

We desire to express our appreciation of the kindness extended in the illness and death of our sister, Maria Thanos, and also to thank those who loaned cars for the funeral and those who sent flowers.

—Mr and Mrs A. Thanos, Coleman  
—Mr and Mrs M. Thanos, Pincher Creek

Floral tributes from the following are acknowledged: Barooto Bros. Edmonton; Mr. and Mrs. A. Pozzi and family, Frank; Joe Gardner, Saskatoon; William Hillas, Pincher Creek; G. Petragogoo, Edmonton; Afaganis Bros., Letbridge; Miss A. Pozzi, Fernie; Mr. and Mrs. Rushton, Coleman

### Plenty of Kicks

Coleman and Bellevue football teams played a snappy game here last Saturday. The players were snappy—the referee was snappy and as a result there were a number of controversies during the game which were not according to "Hoyle." In the early part of the game a Coleman player's ankle was dislocated, but no further injuries were recorded. The first half was scoreless; in the second half Cole man scored two goals, one being on a penalty. The spectators thoroughly enjoyed the game, as there was lots of "kick" to it.

Coleman will play the miners of Hillcrest at the latter town on Saturday. Rivalry is keen among the footballers of the mining towns, and an interesting series is looked for—equally as interesting to the denizens of the Crow's Nest Pass as the World's Series is to Chicago and New York.

### Activities of Women's Inst.

The regular meeting of the Women's Institute was held on May 22 at the home of Mrs. A. E. Graham, the program being in charge of Mrs. F. G. Graham and Mrs. E. Ash.

Mrs. W. Burns is representing Coleman at the W.I. convention in Calgary this week.

The handkerchief painted by Mrs. A. E. Graham at the last meeting was disposed of for 90¢.

At the close of the meeting Mrs. A. W. McLeod presented Mrs. Quiette with an appropriate gift and expressed regret at losing such a valuable member.

The Institute desires to thank Mr. Dow for the use of the Grand theatre for the play, and also the Coleman Players for their very successful efforts in presenting "On the Hiring Line," the proceeds of which were turned over to the W.I. for the swimming pool fund.

### Pincher Creek Golfers Here

Eleven players from the foothills town played here Sunday, playing foursomes in the morning and singles in the afternoon. The results were as follows:

Coleman: J. Kellock 0 Alexander 1  
Wilson 0 Bell 1

Gilles 0 Jackson 0  
Barnes 0 Plunkett 0  
McBain 0 Wilton 1  
Powell 0 Frankish 0

Gartner 0 Tucker 1  
Gamer 0 Lang 1  
Whiteside 0 Kelly 1  
Whitman 0 Pelletier 1  
McDonald 0 Bossenberry 1

Doubles—J. Kellock and Barnes won from Alexander and Bell; McBain and Powell lost to Jackson and Plunkett; Whiteside and Whitman lost to Wilton and Tucker; Garner and McDonald lost to Frankish and Kelly.

The W.O. M.L. will hold a bazaar on Monday, June 11, in the Moose Hall. Everybody cordially invited.

Boys and Girls! Watch for the Missing Word contest next week. Watch the advts.

### DIAMONDS

A good Diamond has never been a poor investment; it becomes more valuable with the passing years. For weddings, birthdays, anniversaries, betrothals and other occasions the gift should be a worthy one, for diamonds are beautiful. It should be something that will carry a lasting, if not a life-long remembrance. Diamonds will do this. Any selection made here will be new and modish in pattern, dependable in quality and true to our representation.

### Man Hurt at Baseball Game

Coleman Cub defeated Blairmore baseball team on Friday by a score of 14 to 10. The base umpire received a terrific swat on the jaw from a ball which the first baseman missed, and was removed from the field in a dazed condition. People crowded around the edge of the diamond

are not only a nuisance to others who desire to see the game from a safe distance, but are a source of hindrance to the players, and the club management should see that they are kept at a safe distance, for the benefit of themselves and the players.
